

High-quality materials and alternative gasketing techniques give these enclosures the look and feel of pure glass. Since most projects are made to order, there is no limit on the opportunity for creative expression.

1. LARGE 90 DEGREE WALL CLAMP FOR SOLID STABILITY

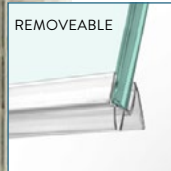

2. TUBULAR PULL HANDLE

Standard 6" through-glass pull handles. A variety of styles are available to suit any décor.*

3. CLEAR COMPRESSION GASKET

A "V"-shaped clear compression gasket along the hinge-side is virtually invisible and ensures leak proof operation.

4. LEAK PROOF DOORS

Available in easy to replace plastic design.

SPECIFICATIONS

To ensure the utmost in safety, all tempered safety glass is compliant with all ANSI and consumer product safety commission specifications, as well as the even more stringent SGCC specifications.

All exposed glass edges are polished.

OPTIONS*

Clear glass is available in 3/8" or 1/2" thickness. Privacy and decorative glass options are also available. Can upgrade to Starphire™ ultra-clear glass and/or VistaShield® low-maintenance coating.

Configurations without headers are available. Also available Truly Frameless, with glass clamps in place of channels.

Framing options include high-quality 6463-T5 aluminum alloy, or brilliantly plated over real brass.

We have channels and hardware options to meet all styles and price points.
