

MR.SHOWERDOOR®

Volante® Frameless Sliding Shower Enclosure

Minimalist Sliding Frameless Shower Enclosures. Inspired by the finest European designs, Volante® enclosures for tubs and stalls incorporate the finest materials and most creative design elements on the market today.

1. SAFETY HEADERS

Volante® headers include a stop block with a soft rubber bumper that locks in place so that the slider glass stops safely when fully open — and provides a tight seal to the wall when closed.

2. SMOOTH DOOR OPERATION

Wheels fasten through the glass and utilize the highest quality ball bearings and a rubber tire insert. An elegantly simple cap secures the stationary glass panel to the runner bar.

3. INGENIOUS PULL RING

The standard Volante® pull design allows the door to be operated from within or outside the enclosure. If you prefer, a wide variety of knobs, handles and towel bars are available to suit any décor.*

4. PRECISE SLIDER GUIDES

The slider guide is designed to exact specifications. Just wide enough to effectively guide the door while retaining an attractively low profile. Gone are unsightly base channels. The curb dam (at right) is unobtrusive, but provides leak-proof assurance.

5. HIGH-QUALITY STAINLESS FRAMING

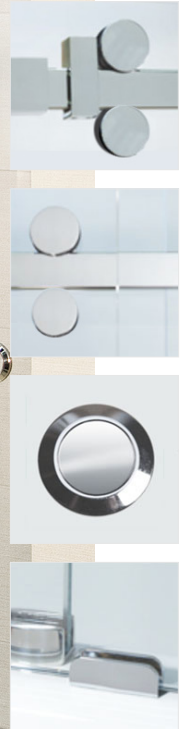

Stainless steel shines so brilliant you will think it is plated. Able to match chrome or nickel in both polished or brushed finishes.

6. THICK TEMPERED GLASS

All Volante® enclosures feature 3/8" thick clear tempered glass.

7. ANTI-JUMP DEVICES

All products contain top and bottom tightly fitting wheels so doors can't derail.

SPECIFICATIONS

To ensure the utmost in safety, all tempered safety glass is compliant with all ANSI and consumer product safety commission specifications, as well as the even more stringent SGCC specifications.

All exposed glass edges are polished.

OPTIONS*

Clear glass is available in 3/8" thickness. Privacy and decorative glass options are also available. Can upgrade to Starphire™ ultra-clear glass and/or VistaShield® low-maintenance coating.

We have hardware options to meet all styles and price points.
